PRESS RELEASE

ACQUISITION OF THE COMPANY PILUM POLYPROJECT SUCCESSFULLY REALIZED

All shares in the Swedish company Pilum Polyproject AB was sold December 30, 2013 to our Slovakian company WTC - MACRO Galvano s.r.o.

The sale was subject to by the buyer no later than February 28, to take over all Pilum AB's commitments and liabilities in Pilum Polyproject AB.

Cooperation between Pilum Polyproject AB , WTC MACRO Group and Pilum AB started already at the end of the last year.

We see multiple applications and markets where we can create valuable synergies and added value for each other through increased collaboration, says Leif Lindberg, President and CEO of Pilum AB.

We also see a growing need for Swedish environmental expertise globally and together we may be facing a much more believable way, continues Hamid Al-Sultani, President and CEO of WTC - MACRO Group.

With WTC-MACRO as owner, who has long experience in production, process technology, design and project management a new platform is created for the development of Polyproject.

Polyproject AB will act as a part and a well integrated member of the WTC - MACRO Group in close cooperation with the Group's other specialized divisions, led by the management of the Group's headquarter, says Daniel Bergsten, vice president of the company, now renamed to Polyproject AB.
